

COMPANY NEWS

Announcement Product Catalogue 2025

Dear Valued Customers and Friends,

Gruner is excited to present its new **Product catalogue 2025** for our Asia Pacific Markets.

With the design of our Catalogue, It is now even easier to select the right products for your needs.

With the new product portfolios in the catalogue 2025, we are able to extend our offering for:

- » Non-Fail-Safe Damper Actuators
- » Fail-Safe Damper Actuators
- » Fire & Smoke Damper Actuators
- » VAV Actuators
- » CCV Valves and Valves Actuators
- » CV / SV Valves and Valves Actuators
- » PICV Valves and Valves Actuators
- » Room Units

The Highlights of the 2025 Product Catalogue are the New CCV and VAV Compact Controllers with BACNET MSTP communication, the extended PICV Valve and Valve Actuator Products.

With our world class damper actuators, valves and valve actuators, we will continue to be the supplier of choice in the HVAC Product Field.

We aim to keep up to date with all the relevant data about our company and products.
